May Gold Course Levels

We have decided to make a commitment to running Gold Course Only (50+) classes during the two weeks of our May Gold Course.

This means that we guarantee three classes:

- **Advanced**
- **Intermediate**
- **Elementary**

Exclusively for Gold Course students! The materials selected will be chosen with Gold Course students in mind and there will be an emphasis on communication and social English! We guarantee that the topic will be chosen to appeal to older adults and we will not be insisting on tests or homework. For our Gold Course classes we are happy for students to select their own level and, of course, to change if they wish!
